Regulatory Division

Charles E. Nagel III, President  
Burnett Oil Company, Inc.  
801 Cherry Street, Unit 9  
Ft. Worth, TX 76102

Dear Mr. Nagel:

I appreciate your letter response to Jacksonville District's 6 March 2020 correspondence addressing actions associated with a seismic survey previously undertaken by Burnett in Big Cypress National Preserve.

Since issuing our March 6, 2020 letter, the District has engaged with the staff at Big Cypress and re-evaluated all of the current and available information relating to Burnett's prior activities. Jacksonville District rescinds the conclusions specified in the previous letter and asserts no further action is being taken by Jacksonville District or required of Burnett for its completed seismic survey.

Given the environmental sensitivity in the Big Cypress National Preserve and your expressed commitment to environmental stewardship, Jacksonville District looks forward to working with you on any future actions to clearly and transparently identify and take the appropriate action on any regulatory requirements and communicate in a professional manner as we aspire to do with every potential applicant.

I appreciate the opportunity to clarify our position both verbally and in writing. If you have any questions regarding this process, please feel free to contact Mr. Shawn Zinszer, Chief, Regulatory Division at (904) 232-2255 or via email at [shawn.h.zinszer@usace.army.mil](mailto:shawn.h.zinszer@usace.army.mil).

Sincerely,

Andrew D. Kelly, Jr.  
Colonel, U.S. Army  
District Commander
